

A Blueprint for Pittsburgh's Renaissance III

1. Solve our legacy costs crisis
2. Nurture our economic engines of the future
– Health Care and Education
3. Deploy and utilize the best technology has to offer
4. Complete the development of our rivers
5. Enhance government services through efficiency
and ultimately through City/County merger
6. Enhance our children's educational opportunities
7. Connect people to jobs and jobs to people
8. Reform government through transparency and
civic involvement
9. Recognize we're a City of neighborhoods
and they must be clean and safe.
10. Green the City
11. Promote diversity
